VOL. 12 NO. 49 WEDNESDAY, DECEMBER 8, 1971.

Council has look at Allarco outline plan

Following a meeting with Dr. Allard and Mr. Hughes of Allarco Developments and Mr. Danny Makale at Committee of the Whole Nov. 22, the committee recommended that a report on the outline plan for the University Heights area be received from staff, and that both school boards be informed.

Mr. Makale of Makale, Holloway and Associates showed a map and scale model of the area involved, roughly 900 acres to the northeast of St. Albert, within the MD of Sturgeon. Under the density policy of the town, provision could be made for about 19,000 people in the area. Mr. Makale stated the three main areas they wished to discuss were the application for approval of the outline plan, requirement under development agreement, and annexing the Allarco-owned land into the town. The proposal is for two neighborhoods, which is in accordance with the town's outline plan.

Asked what he saw as a target date, Dr. Allard said "our feeling is that Phase one (250 acres from servicing point, one logical servicing unit), could conceivably start next year and take three years to complete." The whole plan, he felt might be completed in 9 to 12 years.

Under town policy 10 per cent of the total area would be taken as public reserve, which, together with land allocated for school and commercial use, leaves approximately 925 acres for residential land use. Recommendations from the Edmonton Regional Planning Commission, Planner John Woodroffe and the Athabasca University authority are under study by council, but chairman Bakker pointed out that the MD Sturgeon area plan, school boards recommendations, and further engineering reports must still be considered before any approval would be granted. Bakker further made clear that the developers should be aware of the fact that offsite charges are being increased, and that council will not tolerate any increase in population density.

At their meeting Monday night, council unanimously endorsed committee action in referring the development for further reports.

A request from the St. Albert Library Board for an increase in funds was tabled to budget study. The library brief pointed out that they have only one book per capita, while minimum Canadian standards are two books per capita. An increase of between one and two mills would be necessary to bring the book collection up to the minimum standard. Secretary treasurer was asked to submit a budget based on the 1971 municipal mill rate, and, commenting on the resolution, Councillor Bakker observed that this would serve as a starting point when the matter comes up at budget time.

Councillor Thronson enquired under new business as to whether it might be possible to get the outdoor rinks operating earlier, pointing out that practice times for hockey are difficult to arrange prior to their opening.

The mayor pointed out that the element weather was responsible for a delay this year, and Councillor de-Brujin observed that prior to proper conditions, ice capable of taking hockey use cannot be made.

Saying that he did not wish to "raise a horret's nest," Coun. Thronson requested copies of local and provincial laws governing the use of snowmobiles within town limits. Bakker and the mayor reported complaints on snowmobiles, and Kambouff pointed out the difficulties involved in enforcing regulations. The matter will be referred to the police commission.

Thronson also requested a complete report for the Dec. 13 meeting on the forthcoming meeting between the mayor, secretary treasurer Councillor Kambouff and the PSS director to establish the director's responsibilities.

Extra baby sitter course

Due to the fact that there were so many boys and girls that had to be turned down for the October baby sitting course, the St. Albert chapter of the AARN is offering an extra course.

Youngsters who were 12 years old before November 1st will be able to register on Thursday, December 9, 6:30 p.m., at the Evangelical Lutheran Church, across from Town Hall. The fee of \$1.10 is payable at time of registration.

This course will start on Thursday, January 6, and continue for the following six Thursdays.

The next regularly scheduled course will be held in April.

Budget Curtailed for Health Unit

The Board of Health meeting on November 29, decided to curtail the proposed budget for the 1972-3 year. Details of the curtailment will be determined at the next meeting on Dec. 23. The difficulties have arisen due to the loss of population in the MD Sturgeon.

A local per capita rate of \$3.50 will be adopted, an increase of 25 cents.

The board also decided to train a staff nurse in family planning, and to make her services available in the Barhead area.

Carol Festival Monday

Christmas music and carol singing are very much a part of the Yuletide season. Continuing this tradition, the St. Albert Singers have again arranged a local carol festival which will take place next Monday, Dec. 13, at Sir George Simpson Junior High School, beginning at 7:30 p.m.

Eight choirs, presenting a fine variety of the old and new in Christmas music, will be taking part.

Participating groups are: the St. Albert Evangelical Lutheran senior choir; the junior and senior choirs of St. Albert United Church; the Phoenix Choir (a group of German singers from Edmonton); the Glee Club of grades four and five from Sir George Simpson school; Frances Schuchard's combined chorus of children from Vital Grandin school and adults from St. Albert and Edmonton; the popular St. Albert Sing-Out and the St. Albert Singers.

Master of ceremonies, tenor Richard Leggett, will lead in the community singing of Christmas carols, and here the audience will have the opportunity of choosing and singing all their favorites.

Gerry Tooke, stage manager, will be assisted by members of the St. Albert HI-Winders, in providing a smooth-running program.

It is hoped that families will want to come and enjoy together this evening of Christmas music and song. The program will begin promptly at 7:30 p.m. and should be over by 9 p.m.

The silver collection taken on will help to defray the expenses involved.

The fact that St. Albert rinks weren't ready didn't stop this group of enthusiastic young skaters. The kids cleared off a good sized portion of the Sturgeon River and enjoyed a game of hockey.

Lacombe to close afternoons of Dec. 9 and 16

After much discussion, St. Albert Catholic school trustees agreed to close Albert Lacombe school Thursday afternoon, Dec. 9 and again Dec. 16. Classes will be dismissed at 11:30 a.m.

R. A. Binette, principal of Lacombe school, told the board at Monday's regular meeting that since the school's opening the staff has put in many hours of their own time attending staff meetings and in preparation for the program.

"I can't ask these people to put in more time," said Mr. Binette, noting that his teachers have also volunteered to remain in their classrooms during lunch time and freely give of their time to supervise the intramural program. "This is tremendous, I am very impressed with this," he said.

Mr. Binette said his staff needed some extra time to allow for evaluation of the existing program, revision of approach, if this is felt advisable, and reorganization to cope with the changes. He asked trustees to consider closing the school for half days to facilitate this.

"This could escalate through the whole system," cautioned trustee Don LaBelle. "I am afraid of the ramifications if we agree to this."

Several trustees expressed concern that perhaps not enough notice was being given to the parents of the

school closure, but agreed to close the school after making it clear that the board is not setting a precedent and this is a temporary measure only.

Mr. Binette will be in his office Thursday evening, Dec. 9 to answer any questions parents may have. He can be contacted there after 8 o'clock.

Yule at Hospital

Patients who will be confined to Sturgeon General Hospital during the Christmas season will have their stay considerably brightened through the efforts of the hospital's Christmas Committee.

Under the supervision of Miss Drury, director of nursing, this committee is co-ordinating entertainment for the patients. The outside of the building as well as the wards will be decorated and the Leo Club will be lending a helping hand here.

Miss Drury would be very pleased to hear from any organization or choir who might like to spread Christmas cheer throughout the hospital. Groups or individuals who can make any sort of contribution are invited to call Miss Drury at 599-5501.

Gateway Building opens on St. Anne Street

The official opening of the Gateway Building, 9 St. Anne Street, will take place this Saturday, December 11 at 1 p.m. Owner of the building is Norm Shalgan.

An invitation is extended to residents of St. Albert and district to attend this grand opening and visit the new premises of St. Albert

Barber Shop and Chris's Grocery #2.

Included in the many door prizes to be drawn for are an electric coffee pot and cordless electric scissors. There will be grocery vouchers, suckers for the youngsters and cigars and corsages for the dads and mums given away as well.

WALTER VAN DE WALLE

At their organization meeting Monday night the new MD council appointed Walter Van De Walle as reeve of the municipality, and Ed Courchesne as deputy reeve. Mr. Van De Walle replaces Lawrence Kluthe in that position. Walter Jerram was named chairman of the Agriculture Service Board and Glenn Berry is a council member of the board. New farm

ED COURCHESNE

member appointed was Henry Reader and otherwise the board membership is unchanged.

In reply to a letter received from St. Albert town council, the MD council will invite the St. Albert council to meet with them on Dec. 21 at council chambers in Morinville, when proposals under consideration for land fill garbage sites will be on the agenda.

WEDNESDAY, DEC. 8, 1971, ST. ALBERT & STURGEON GAZETTE - 3

Council increases water rates to meet deficits — developers offsite charges in move

Town council reluctantly voted Monday night to raise water rates approximately \$1 per meter per month as of January 1st. Water supply financing had been thoroughly reviewed by a

special meeting of committee of the whole on November 29th, when the figures and supporting data showed that the water system has run a continuous deficit since 1958. This will be the

first increase in water rates in 14 years and vote approving the committee recommendation was 6-0. (Councillor Hudson was unable to be present).

Councillor Lukay, who had missed the committee meeting, asked if the increase would in fact balance the water system budget. Baker replied that the new rate structure would pay off the deficit at about \$10,000 in surplus funds per year. deBruijn noted that the increase would generate about \$30,000 additional funds annually.

Minimum rate for 400 cubic feet will be \$3 per month, and a charge of 50¢ per 100 cubic feet, up to 1,800 (up two cents). Thereafter the rates remain as before, decreasing on a graduating scale to 24 cents per cubic foot, for 500,000 or more cubic feet.

The principle of the increase is being applied to the various pipe sizes equitably and above figures are for standard residential pipe size of three-quarter inch.

Councillor Lukay was concerned that all possible savings be made in operational costs of the water system, and felt the town's new accounting equipment might be used in this area. He suggested these costs might be reviewed quarterly or at least annually. "General government costs charged to water may be considered sizeable," said Baker. "But we must start now working on the deficit, and run the water system as a utility." He also observed that considering rates have not changed since 1957, and taking inflation into consideration, perhaps operational costs were pretty well in line.

Mayor Gibbons pointed out that the city increased rates in January, 1971, thereby increasing St. Albert and

also that the new outdoor recording devices will bring a substantial saving in operational costs.

A newsletter on water rate increases will go out with the January bills.

The special meeting of committee also completely reviewed and discussed the matter of sewage disposal financing and council approved their recommendations to leave the service charge as is at \$3 per month per dwelling, and to increase sewer offsite charges to developers.

Resolution was approved unanimously that offsite charges be \$300, for sewer and \$200 for water, for a total of \$500 per single family dwelling unit, and that similar charges be applied to other developments, including commercial and industrial. This is a unit increase of \$300. Baker noted that these charges would provide for the possibility that development might not be as rapid as anticipated. Mayor Gibbons pointed out that the committee had used as a yardstick the recommendation from Stanley Asso-

ciates sewer report of \$225 per unit, which allowed for some funds through the university on the additional sewer line required. He noted also that councillors felt the town should not count

on the university funds, and that the new offsite charges will go into effect in all development agreements signed from now on.

Proposals will be requested from Stanley Associates and Franel and Associates outlining the necessary preparations and design for new sewer line.

Contour cutting and shaping, razor styling, air styling and regular hair cuts are done expertly by John Laviole and his staff at St. Albert Barber Shop. The shop is now open for business in their new premises in the Gateway Building at 8 St. Anne Street.

Comets thump Meteors in convincing style

The long awaited match between St. Albert's two senior hockey teams was played before a good crowd Sunday night and the outcome was as most people predicted. The Comets completely dominated the game and thumped the Meteors 13-2.

Comets controlled most of the play from the opening face-off as they opened up a 3-0 first period lead on two goals by the Silver Fox (Joe Cassidy) and one by hard working Terry Dube. Rich Perrault, Fred Hesse, Terry Dube and Jim Read scored in the second for the

Comets before Grant Laughy finally poked in a loose puck to put the Meteors on the scoreboard. At the end of the second, Comets were ahead 8-1.

Meteor coach Tom Wheeler changed goalies to start the third replacing Ray Bussche with Brian Bleakly. This made no difference as far as the Comets were concerned as they rapped in six more goals. Cassidy added two, while singles went to Ray Lamer, Hesse, Brian Stevens and Jim Read (the Crosstown Flash).

Edgar Wheeler, by far the most outstanding player for

the Meteors, added the second Meteor goal.

Cassidy and Hesse each picked up six points with Cassidy getting four goals and Hesse two.

Meteors next exhibition home game will be this Sunday at 8 p.m. when the Calahoo Scorpions come to town with two ex-Comets in their line-up. Both Jake and Claude Contant were the Comet colors earlier in the year but Scorpion coach Blackie Quintal insists they were just in scouting for his squad.

A two-week layoff didn't help the Comets much as they were completely dominated by the Leduc Oilers and went down to a 11-1 defeat. Comets not only lost the game, but their first place standing as well.

The win for Leduc tied them with the Comets, and their victory over Winterburn Sunday put them on top.

Leduc opened a 2-0 lead in the first and stretched it to 6-0 at the end of two. Oilers outscored the Comets five to one in the third. Fred Hesse scored the Comets only goal with Brian Stevens picking up the assist. Gary McCoey led the scoring for Leduc with four goals.

Comets have only lost two of six games but both have been to the Oilers. The first loss was a 11-4 drubbing.

Next home game for Com-

ets goes Friday when Sherwood Park Barons will be here for a game at 8 p.m.

Sunday the Comets travel to Winterburn to meet the Tomahawks at 2 p.m.

A familiar scene in the Comet's loss to Leduc on Friday was Leduc netminder Stan Kern (35) coming up with a big stop on Jim Read of the Comets. Read was in all alone but couldn't find the target.

Wildcats upset Ardrossan

St. Albert Wildcats mid-get hockey club defeated Ardrossan 4-2 in a game played in the arena Sunday afternoon.

Wildcats opened the scoring at 10:40 of the first when Randy Reinbolt scored, and two minutes later Steve Hoffart got the second. Jim Plasteras made it 3-0 shortly after the second period got underway. Ardrossan finally beat Wildcat's goalie Rod York, when K. Horrick poked in a loose puck after York had stopped two close-in shots. Scott Ballentine put St. Albert ahead 4-1 at the 10:40 mark of the second and two minutes later Ardrossan finished off the scoring when C. Shaw scored.

The third period was scoreless mostly due to both teams playing with only four aside including goalies as tempers flared and penalties were called.

Referees Frank Joyal and Fred Calkins handed out a total of 14 penalties in the third period with each club picking up two fighting majors.

Fans to see top Junior A hockey here Saturday

Hockey fans in and around St. Albert will be in for a real treat this weekend when two of the top junior hockey teams in Alberta play a regular league game Saturday night, starting at 8 p.m. League leading Calgary Mount Royal College Cougars will take on the fifth place Edmonton Oilers. Cougars will be led by #15, Rick Alexander, the leagues top point-getter with 13 goals and 22 assists for 35 points.

The Edmonton CAC Western Movers Peter Skrabky ranks third in scoring with a league leading 14 goals and 16 assists.

Cougars Bill Fraser and Ron Logan hold down 10th spot with 27 points each.

Movers have just changed coaches recently with Red Simpson moving from the Crosstown Maple Leafs to move into the position that Don Hunt held some seven years. Hunt was having

trouble moving the club and felt a change might do some good. Simpson is no stranger to junior hockey being a fine player for the Oil Kings

Flyers scored three times in the third period to score a 4-2 win over the Eagles Saturday. Cameron Martin, Bernie Joyal, Tim Schraeder and Colin Parayko scored for the winners while Eagle scorers were James Rae and Mark Barry.

Nuggets scored a 4-2 win over the Totems on goals from Pat Poulin, Brian Neeser, Warren Brown and T. Murray. B. Thachuk scored both Totem goals. MTE B:

Wade Katmarzyk scored twice to lead the Hawks to a 4-0 win over the K of C team Sunday. Roy Kampen and Robert Bergevin added the others.

Doug Molsky scored four goals to lead the Quakers to a 7-0 thumping over the Rockets. Keith Heyburn, Kevin McKinstry and Layne Wilson added the others. Rangers shut-out the Jets 5-0 but unfortunately game sheet did not list scorers. PEWEE A:

Darrell Ness scored three times to pace the Fire Department to a 4-1 win over the Lions. Ronny Brunink added the other while Ron Holm scored for the Lions. Graham Brown scored three goals to give the Warriors a 4-2 win over the Barons last Saturday. Terrance Wells scored the other Warriors goal while Ray Enright and Carman Cook scored for the losers.

PEWEE B: Mustangs shut-out the Legion 3-0 last Saturday

St. Albert High

By Karen Donais

Congratulations go out to the girls who will be travelling to Grande Prairie this weekend for the volleyball provincial playoffs.

This is the first time St. Albert High has ever been represented at the provincials. The school would like to extend their best wishes and lots of luck to Shirley Bokenfohr, Letitia Sopchuk, Diane Majeau, Gail Hermantutz, Janet, Lorna and Linda McGills, Fay Brennau, Eileen Kolesar, Carmeen Gibson, and Marguerite Bourgeois.

Of course this could not be possible if it was not for the expert coaching of Mrs. Marchand who will be proud of her girls whether they win or lose.

with goals going to Allan Sinclair, Charles Burns and Jack Rossiter. Gerry Goodwin earned the shut-out.

Oilers and Kings played to a 2-2 tie on Saturday. Michel Montpetit and David Fraser scored for the Kings and Dunsen Turner scored both for the Oilers.

Murray Harris scored the winning goal in the third period to give the K of C a 3-2 win over the Red Wings on Saturday. Pat Dolphin and Blair Supple scored the other K of C goals with Gary Laddy and Teddy Savole replying for the Wings.

BANTAM A:

Last Thursday the Canucks (midgets) scored a 7-2 win over the Falcons with Dennis Sanchez scoring five times, Don England and Steve Lister counted for the Falcons.

On Saturday the Canadians and Seals played to a 1-1 tie. Neilson scored for the Canadians and D. Kinsler replied for the Seals.

BANTAM B:

Co-op scored two goals in the third period to hand the North Stars a 3-1 loss. Wayne Kuzlo, Clete Gagnon and Dale Wilson scored for the winners while North Stars only goal was scored by Tom Colville.

St. Albert Lancers representative team shut-out the Black Hawks 5-0 on Saturday as Chris Skrobot scored twice and Darrell Liptak, McRae and Lonnie Sander added the others.

PITCH & SPICE CONCERT

After performing in Edmonton, Calgary and Vermilion the Pitch and Spice put on another great performance at a "Sing-a-Night" at the Community Hall here in St. Albert last Saturday afternoon and evening.

The Pitch and Spice now number over 160 singers and instrumentalists. The program featured songs from Superstar and some Christmas carols as well as a variety of other songs.

The teacher asked the pupil the difference between results and consequences. "Results are what you expect," said the boy. "Consequences are what you get."

Fire Chiefs record first win

St. Albert Fire Chiefs bannet hockey team won its first game of the season upsetting Barhead 5-3 in Barhead last Saturday.

Gary Ferguson led the way for the winners with two goals, with singles going to Bob Longpre, Gary Bruens and Mike Byl. Fire Chiefs led 1-0 after one period and stretched it to 3-1 after two. Barhead seemed to be coming back as they scored two goals on the first shift to start the third period. Bob Longpre scored the winner taking a perfect pass from Rod Gouchey. Gouchey also set up the insurance marker digging the puck out of the corner and setting up Ferguson.

Roger Bellefey played a strong game in goal for the Fire Chiefs who seem to be

on their way after a shaky start.

Last Thursday the Fire Chiefs lost a close 4-2 decision to Westlock after coming from behind twice to tie the game. Gary Bruens tied the score 1-1 and Sandy Millroy scored the equalizer as the first period ended 2-2. The second period was scoreless as both netminders played excellent hockey. Westlock took advantage of some sloppy clearing by the Chiefs and popped in two goals in 55 seconds.

Fire Chiefs next home game will be this Thursday at 8 p.m. when Fort Saskatchewan will be here. The last time these two clubs met the Fort won a 1-0 tussle.

St. Albert Pirates top league

St. Albert Pirates juvenile hockey team played three games last week and picked up five points on two wins and a tie. They are now in top spot in the Edmonton Rural Hockey League.

Last Friday the Pirates scored three third period goals to take a 6-4 win over CFB Namo. Namo's R. Harvey opened up the scoring in the first period and Jan Kristensen tied it for the Pirates before the period ended. Both clubs scored twice each in the second with Gerald Longpre and Doug Ferguson hitting the twine for the Pirates. St. Albert turned it on in the third with Craig Neeser, Gerald Longpre and Doug Ferguson blinking the light for the Pirates.

On Sunday Doug Ferguson, Ray Poulin, Jan Kristensen and Craig Neeser scored two goals each in the Pirates 9-3 win over Fort Saskatchewan. Stewart McKinnon added the other.

In St. Albert Monday, Roger Pouliot scored in the third period to give the Pirates a 2-2 tie with Leduc. Pirates opened the scoring in the first period on a goal by Jan Kristensen at the 18:30 mark. Leduc came back with two in the second for a 2-1 lead on goals by Phillip Sereda and Ray Stein. Pouliot's goal in the third came on a fine passing play from Doug Ferguson and Stewart McKinnon.

New executive slogan: "If you haven't developed ulcers you're not carrying your share of the load."

SAFEWAY SAFEWAY SAFEWAY

GRAND OPENING

WELCOME

The welcome mat is out and we would like to take this opportunity to extend a cordial invitation to you and your family to come and take advantage of the many store opening values.

FREE

Roses for the first 1,000 Ladies Tuesday, Wednesday, Thursday and Friday Cigars for the men and suckers for the children. See you there!

Your new Safeway Store in St. Albert Opens Tuesday, December 7, 1971 at 9:30 A.M.

The manager Mike Wytshyn invites you to come, shop, and save!

"Fun and Bargains for You"

Here it is... and you're invited. Come see our beautiful new store and get your share of the terrific values we have for you in all departments. We've lined up some exciting bargains for the celebration and you'll save money on a tremendous variety of fine foods. Come help us celebrate!

Spacious meat, produce, and dairy counters invite you to choose from a large array of fine products. There are luscious fruits and vegetables arriving daily, in the produce department. Perfect eating meats, guaranteed to please, are displayed on the meat counter.

"Safeway brings them all to you... at everyday low prices!"

PERFECT EATING MEAT — A SAFEWAY PROMISE...

Just the Top Government Grades

Quality comes first! Every steak, chop and roast of beef or lamb you buy at Safeway is from one of the top Government grades (All of our pork and veal is from top grades too). Only by starting with fine quality meat can you expect to get consistent tenderness, juiciness and excellent flavor.

Special care protects quality

Our meat experts, using modern equipment and proven techniques, leave nothing to chance in bringing Safeway meats to you. Humidity and temperatures are carefully controlled to protect the tenderness, juiciness and flavor of each cut.

Excess bone and Fat Trimmed off

Our close-trim method of preparing meat for sale gives better eating and better value. Each cut is prepared just right for the way it is to be cooked. Note, too, how little fat and bone remains on Safeway steaks, chops and roasts when they are weighed.

FRESH CRISP PRODUCE

When you want the very best fruits and vegetables... just think Safeway! Come pick your family's favorites from our beautiful array of crisp fresh vegetables and sweet juicy fruits. We have the finest from all the important growing areas... at Safeway's money saving prices.

The first early bird draw of the Kinsmen Kinstakes Lottery was held on November 25, Mrs. Marie Anne Buzdegan, 12039 - 63 Street, Edmonton is shown receiving her \$500 cheque for her winning ticket, from local Kinsmen Kinstakes Chairman, Irv Young, Marie Anne's husband, Joe, was also in luck as he was the official seller of the winning ticket. He received \$25.00. The next draw will be held on December 22, so if you haven't got your ticket, you can obtain one from any Kinsman or from local merchants displaying Kinstakes Lottery counter signs.

Library News

The Library Board Chairman, Mr. Robert Green, was delighted to receive \$62.75 from the girls of 6th St. Albert Guide Company last Friday evening, and announces that the funds will go towards purchasing children's classics for the St. Albert Library. The money was raised at the Christmas show put on by the guides, under the direction of their leader Elizabeth Matar, as a project to help the library, and the board is much appreciative of their hard work and fine community spirit.

A display of Christmas books is now featured at the library, including many 'how to do' reference books on various crafts, indoor and outdoor decorating ideas, and cook books. Christmas stories are featured in the Bible and the Poetry sections.

Residents are invited to make more use of the library. Hours on Monday, Tuesday, Thursday and Friday are: 4 - 5:30 and 6:30 - 9, Wednesday hours

2 - 5:30, 6:30 - 9, Saturday 1:30 - 4 p.m.

"We can pay you \$70 a week now," said the personnel manager to the job applicant, "and \$75 a week in six months."

"Thank you, sir," said the prospective employee, "I'll be back in six months."

SINCERE BEST WISHES

TO JOHNNY LAVOIE AND GARRY STEVENSON on the occasion of the GRAND OPENING of their businesses in the Gateway Building.

GATEWAY Electric Ltd.

46B ST. MICHAEL STREET -- ST. ALBERT.

A Joyous Season?

Christmas can be a joyous time of year.

It can cause happy wonder to shine in the eyes of a little boy or girl. It can bring great joy into a child's life. It can awaken faith.

But unfortunately for some children, Christmas this year may be a disappointment. It may be looking in store windows at toys their parents can't afford to buy -- or suffering for lack of adequate clothing -- or simply experiencing a feeling of utter aloneness.

This need not be; for The Salvation Army, on your behalf reaches out to such children and makes possible for them the thrill of opening gifts, the treat of enjoying a special holiday dinner, the warm feeling of wearing new clothes.

The Salvation Army knows many, many troubled people, both young and old. It tries to make Christmas happy and meaningful by providing friendship and material assistance for the less fortunate in communities -- all across Canada -- fathers who will spend this Christmas behind prison bars -- for mothers whose children lie ill and cold in a substandard dwelling.

ing -- for painridden hospitalized veterans -- for many needy youngsters who know little of comfort and joy.

The Salvation Army has been spreading joy and happiness at Christmastime --

Secretary, describing her boss: "We call him the office locomotive. All he does is run back and forth, smoke and whistle."

Employee's lament: -- "Since I bought some stock in the company I work for, I've been a nervous wreck I keep worrying about the lousy work I turn out!"

and throughout the year -- for more than a century, it Share YOUR blessings and it plans to keep on doing this Christmas.

Congratulations

to Norm Shalagan on the occasion of the opening of his new building on St. Anne Street in St. Albert.

Mary Lou Lukay, Kim Martin, Sherry Miller and Colleen Kelly, of St. Albert School of Dancing, with trophies they won in recent competition.

Stage-Struck?

Have you always had a secret yearning to be a director, set designer or stage manager? Or are you a would-be Richard Burton, Faye Dunaway or Dustin Hoffman? Can you paintsets, apply make-up or sew costumes?

Interested? Then the St. Albert-on-Sturgeon Players want YOU.

The group is currently reading one-act plays, doing improvisations and planning for a three-act production in the New Year.

If you would like to join a club offering lots of hard work and lots of fun, come to the next meeting, Sunday, December 12 at 8 p.m. at the Clubhouse. For further information call 599-8704.

Local dancers do well

Students from St. Albert School of Dancing participated in the seventh annual Alberta Tap Competition held last weekend at Eastglen High School in Edmonton.

Winning first place medals were Mary Lou Lukay, Catherine Hawken, Wendy Jenkins, Kim Martin, Colleen Kelly, Sherry Miller, Carol Griffiths, Christine Griffiths, Dianna Rosenberg, Karen Wilson, Joanne Smith and Julie Rumpel.

Second place medals went to Bernard Roy, Julie Rumpel and Elaine Thursby.

Jocelyn Kowalski won a

merit award.

Mary Lou Lukay won the trophy for highest mark in Song and Dance for under 10 years of age.

Kim Martin, Sherry Miller and Colleen Kelly won the trophy for highest mark in trio over 10 years of age.

Maloney discusses open area schools

"The main reason of course is to create a better learning situation for the child. Methods that will facilitate the learning process is valuable," said Vince Maloney, superintendent of schools, St. Albert Catholic school district. The Gazette had asked Mr. Maloney to comment on open area schools, such as Albert Lacombe, which is having its official opening tonight.

Mr. Maloney added: "It is well known to parents and educators that factors which affect learning such as intelligence, health, home support, motivation, clarity of goals and many others, that pupil attitude is the

single greatest factor. If the school program can be made interesting and attractive by recognizing the uniqueness of each child and then can organize a program in such a manner as to permit and encourage individual research and experimentation, then such pupils will be happier in school and will achieve better in the long run."

The superintendent agrees there are certain disadvantages to the open area school. He said it is generally recognized that the open area schools have a high noise level, limit the range of activities a teacher and his class may engage in and require teachers who are personally compatible and hold similar educational philosophies. "Many open area school plants are poorly designed and overcrowded," he added.

The four most commonly cited advantages for open area schools are: they offer more flexibility for the instructional program, foster teacher professional growth and promote the development of desirable social attributes on the part of both the teachers and the pupils. Pupils in open area schools utilize the school's library more effectively, Mr. Maloney noted.

The building of an open

area structure will not in its self guarantee a better learning situation, however, the superintendent said, "Unless there is a dedicated, cohesive staff, united by a common philosophy with clearly defined goals, no significant improvements will be realized. Such a staff must have community and board support if it is to function properly."

Mr. Maloney said Albert Lacombe is a "pilot school for St. Albert #3 District, with many problems still to be resolved. Although the staff and board members visited many open area schools before making the decision to go ahead in our own district there were no misapprehensions as to the problems which would be encountered," he noted. "The staff is working hard and has had many long and difficult meetings after school hours and I am pleased that the board has granted two half days in December when Albert Lacombe School will be closed in order that the staff may forge ahead with their planning. Progress to date has been very satisfactory but many formidable tasks lie ahead."

Badminton club organized in Villeneuve

There is strong interest being shown in organized badminton by residents of the Villeneuve area; 29 persons attended the organizational meeting on Nov. 25.

The meeting elected Bob Lema as president. He may be contacted at 599-3080 for further information. Also elected to the executive were Tom Tarvas, vice president; Harry Lema, treasurer; Margaret Victor, secretary and the tournament chairman is June Victor.

Badminton will be played Tuesdays and Thursdays in the Villeneuve Community Hall, beginning at 8 p.m.

Ideas for Holiday Entertaining

The home economists from the Home Service Department of Calgary Power have the following ideas to help you with your holiday entertaining.

CANAPES AND SNACKS:

A canape is an appetizer consisting of a base of bread, toast or crackers covered with a topping which is attractively garnished.

GENERAL RULES FOR CANAPES:

1. Be generous with seasonings.
2. No darling! There are many types of varieties that can be produced quite easily and will establish your reputation as a hostess with imagination.

SUGGESTED SPREADS FOR CANAPES:

1. Caviar mixed with lemon juice garnished with pearl onions.
2. Midget sardines with lemon and paprika garnish.
3. Whole shrimp on thin tomato slices with mayonnaise.
4. Ground shrimp and chicken livers garnished with capers.
5. Asparagus tips garnished with mayonnaise and paprika.

6. Cucumber slices with mayonnaise topped with slice of stuffed olives.

7. American cheese, creamed with broken nuts.

8. Small white onions rolled in toast spread with mayonnaise.

9. Minced shrimp, crushed pineapple and mayonnaise.

10. Camembert cheese and finely chopped dill pickle.

11. Tomato slice topped with mixture of horseradish and mayonnaise.

12. Cream cheese, tuna fish and lemon juice.

13. Cream cheese, crabmeat and chili sauce.

14. Cream cheese and deviled ham.

15. Devilled ham and prepared mustard.

HOLLYWREATH CANAPES

Spread rounds of bread or crackers with butter and cream cheese. Around edge place a border of chopped parsley with bits of pimento for holly berries.

SARDINE PUFFS:

Yield: 4 dozen

Two 3 1/4 oz. cans sardines
48 crisp round crackers
3 egg whites

1 tsp. worcestershire sauce
2 tps. finely chopped onion
3/4 c. cheddar cheese

Drain sardines and cut into bite-size pieces. Place a piece of sardine in centre of each cracker. Beat egg

whites until stiff but not dry. Fold in worcestershire sauce, onion and cheese.

Symphony to present concert

The Edmonton Symphony Chorus, in concert with the Edmonton Symphony Orchestra, will be presenting a Christmas Concert of choral and instrumental works at St. Joseph's Cathedral, December 17 and 18, Friday and Saturday at 8:30 p.m.

The chorus and orchestra under the direction of John Pauls, with soloists Rosemarie Thiessen, Calgary, Arthur Janzen, Winnipeg, and Valentin Sagert, Edmonton, will feature works of

Heinrich Schutz (1565-1672) which include "Our Father," "Machet Die Tote Welt" (a double motet) and "The Christmas Story."

Tickets are available at the Symphony Box Office at

the Bay and from members of the chorus. Due to last years' overcrowding, a limited number of tickets are available for each night. Avoid disappointment and get your tickets early.

Elizabeth Matar, leader of 5th Company St. Albert Girl Guides, presents a cheque for \$62.75 to Mr. Robert Green, chairman of St. Albert Library Board. Presentation of the proceeds of the guides Christmas show was made following the very successful production last Friday evening. Members of the cast of "Alice in Blunderland" shown in the photo are Armand Mustaklem, Cathy Mosler and Karen Anderson. The Guides gift will be used to purchase children's classics for the library.

Jesus People to visit St. Albert

A group of young people who are members of the rapidly growing phenomena known as the "Jesus Army" or "Jesus People," will be at Elgin Pentecostal Chapel, on Ball Avenue, Sunday, December 12, at 7 p.m.

The CBC recently featured the Jesus People on their "Weekend" TV series.

For those who may not yet know about these people, they are primarily former drug users and abusers. In

their desperation to kick the habit they turned to Jesus Christ and found the answer. Hence the term Jesus People.

Any parents with teenagers or younger children, or people concerned about the drug problem of our society would find it profitable to look with these young people.

The Jesus People are genuinely concerned about their peers and spend much time on the streets, in high schools, and wherever they can be of service. They are not concerned with spouting religion. But they do offer an experience and way of life that has given meaning and purpose to their rest-

less search for reality.

An open invitation to participate in Sunday's meeting is extended to all residents of St. Albert.

"We must identify needs" - PSS Director

The Preventive Social Services director for St. Albert said she would like to see a social survey done in the town. "This is most important; to instigate new programs we must first identify the needs of the community," explained Mona Acker.

Mrs. Acker has been PSS director in St. Albert since September 1. She holds a BA in psychology from the University of California at Los Angeles and is currently working on her masters degree in Social Welfare, University of Calgary. The mother of two young daughters, Mrs. Acker makes her home in Ridgewood Terrace. Preventive Social Services is a locally controlled program to help citizens become involved in meeting

the needs of their community. Mrs. Acker has spent her first few months in St. Albert becoming acquainted with the local clergy, service clubs and other organizations and persons in public life.

What is being done locally under the PSS program? Mrs. Acker said a small committee of interested persons has assisted the Gazette in publishing a local directory and an interim committee is presently working on the formation of a day care centre.

She feels St. Albert is at a definite advantage being so close to Edmonton. "A great number of people use the facilities there," she said.

Some of the programs she feels are needed in the town

include Family Life Education, programs for senior citizens and youth, and perhaps a thrift shop.

Mrs. Acker notes that while most St. Albert residents contribute to the United Community Fund, only the local girl guides receive financial assistance through the Fund. She points out that the Victorian Order of Nurses are available to local residents, but that the Edmonton Homemakers service would prefer not to come out here; they can be called upon only in case of emergency.

Mona Acker says there is a need for co-ordination between the Town welfare department and the Provincial welfare department. "I would like to see a branch office of the Provincial welfare department in St. Albert, or at least have social workers assigned specifically to the town."

Mrs. Acker is available to any group wishing to discuss their needs. "For example, I would be available to help organize an organization similar to Edmonton's Humans on Welfare," she said.

Mrs. Acker is also in favor of an information centre for St. Albert, such as AID (formerly Welfare Information Service) in Edmonton. "Especially new-comers to the town, perhaps people who have lived most of their lives in the rural area, are at a loss as to where to go for help. I see a definite need for such a referral service here."

The PSS office is located in the Fire Hall, and Mrs. Acker may be reached through the Town Hall, 599-6601.

The warm hand of true charity enriches all men it touches, rewarding those who give in still greater measure than those who receive. Remember the needy this Christmas through your donation to The Salvation Army Christmas Cheer Fund - Room 601 - 990 Jasper Ave., Edmonton 15, Alberta.

Montreal's subway system has been called "the largest underground gallery in the hemisphere" because of the abstract mosaics and basketweave designs that decorate its ceramic walls. Different architects designed each of the Canadian city's 26 stations.

Some of the finest carvings of antiquity survive today because the Persian capital of Persepolis was sacked in 331 B.C. A thousand years later, when Moslems occupied the ruins, they destroyed all sculpture they found because their faith forbade images - but missed the ones buried in the rubble and not found until dug up by archeologists in the 20th century, the National Geographic Society says.

Indians in California believed swarms of butterflies that arrived every autumn came to wait for the souls of persons who would die that winter. With spring, the legend went, the butterflies would take these departed souls to a island far across the Pacific.

In the United States, a single automobile engine may discharge up to a ton of pollutants into the air each year, according to National Geographic's book "Air We Live In: Airborne: The Challenge of Our Environment."

After death, the finger bones of a skilled hunter or javelin thrower may be preserved by tribesmen in New Guinea as sacred objects, the National Geographic says. For tribes who lack a written language, the relics keep alive the feats of their former owners for succeeding generations.

The new St. Albert Safeway affords easy shopping in bright, spacious surroundings for St. Albert and district residents. The store is located in Grandin Shoppers Park.

Price of success

The demands of business life are producing an increasing number of "corporate orphans." Just as the children of the ghetto grow up in a materially, so do the children of successful executives. Their father are always busy so their mothers are left alone to raise them. And, a disproportionate number of these corporate orphans are showing up either in police records or as social misfits. There's no easy answer to the problem, but some helpful hints are offered. For instance, when you're travelling on business, don't keep in touch with the kids by phone (they may think you're checking up on them); a postcard is much kinder.

The average man has 66 pounds of muscle and 3.2 pounds of brain-which explains a lot of things.

Light up for Christmas safely

Decorative Christmas lighting, both inside and outside the home, becomes more popular each year. But electric lighting can pose some serious hazards so follow this advice from the Consumers' Association of Canada for a safe and bright Christmas.

If you are adding to your stock of indoor tree lights look for the CSA certification mark when you buy. This mark symbolizes the approval of the Canadian Standards Association and is a wise precaution on all electrical equipment.

The ideal tree light set of the conventional kind should be light in weight but with sockets strong enough to resist breaking or cracking if accidentally stepped on. Lights should have a method for secure fastening to tree branches, usually a metal or plastic

clip. To reduce tangling and improve appearance parallel-wired sets should have all the cords inside a single covering.

Before hanging the old string of lights check bulbs, sockets and wiring thoroughly. Discard defective lights and any wiring that is frayed or bare. Follow all instructions provided by the manufacturer; the safety features built into equipment can be nullified by careless or improper installation and use.

Do not use electrical equipment on metal trees. A power leak could seriously injure anyone who touches the tree. Instead, use off-tree flood or spotlighting.

When it comes to illuminating the outside of your home, again remember the CSA symbol. This time buy decorative lights and equipment which have been tested

and approved by the Canadian Standards Association and identified for OUTDOOR use.

Outdoor lights have weatherproof sockets and heavier wiring than those for indoor use.

Parallel-wired strings of outdoor lights with an intermediate base are best. These hold the largest size of decorative bulbs, with each bulb consuming about 10 watts. When an outdoor bulb burns out be sure to use the rubber washer when replacing it as this waterproofs the socket.

If you are planning extensive lighting for your home, it may be best to have a competent electrician do the work. When you connect strings of lights with add-on connectors, be sure you have no more than 60 ten watt bulbs in the total string.

Don't leave outdoor lighting equipment up when the holiday season is over. The equipment will deteriorate as you procrastinate.

ing equipment up when the holiday season is over. The equipment will deteriorate as you procrastinate.

Scouts enjoy chilly outing

Sixteen members from the 3rd St. Albert Scouts, accompanied by their leaders Doug Taylor and Al Barnes and a parent volunteer, Mr. D. Morin, participated in a day of outdoor activities last Sunday on the Karl Hannehan farm near Fort Saskatchewan.

The boys hiked, cooked their meals outdoors and enjoyed snow-shoeing.

Mr. Hannehan showed his guests how bees are kept over the winter, a subject which fascinated the youngsters.

While this group was enjoying their activities, another patrol was snow-shoeing nearby.

Legal will hold snowmobile clinic

Legal families will have an opportunity to learn more about snowmobile safety on Tuesday, December 14. A special evening on the subject has been arranged by the Legal Fire Department, which will feature films depicting techniques and practices to be followed in operating snowmobiles safely. Mr. Norman Cyr, one of the organizers, says an RCMP officer will be on hand to answer questions on both the safe use of machines and laws governing their use.

The meeting is open to everybody, regardless of whether they own a snowmobile, and it is hoped that people of all ages will attend. Snowmobiling is a popular, healthy form of outdoor winter fun which whole families can enjoy,

but many people are concerned about the number of accidents. These can be avoided for the most part by proper understanding and use of the machines.

Newcomers

We welcome the following to St. Albert:

Mr. and Mrs. W. Krier and family; Mr. and Mrs. M. Lebeau and family; Mr. and Mrs. L. Pyne and family; Mr. and Mrs. H. Campbell and family; Mr. and Mrs. D. Fackre; Mrs. B. Wark and family; of Grandin Park.

Mr. and Mrs. V. Williams and family; Mr. and Mrs. J. Sikic and family of Mission Park; and Mr. and Mrs. G. Simmonds of Braeside.

WHAT DOES QUALITY CONTROLLED MEAN AT CROSSTOWN MOTOR CITY?

ALL CARS ARE TESTED AND OVER 200 CHECKS HAVE BEEN COMPLETED INCLUDING:

1. A dynamometer is used to simulate actual driving conditions and reproduction of road loads to uncover problems which would otherwise go unnoticed.
2. Metered electronic impulses report on compression, spark plug firing and the reaction of the high voltage system.
3. One very important test on the dynamometer is the power drop and engine speed change when each cylinder is electronically disabled.
4. Excessive cylinder wear, leaky head gaskets, improperly seated valves are also identified.
5. Electronic tests are given to your battery, starter and charging system.
6. Samples of exhaust gases are collected to verify operation of fuel pump, filters and carburetion.
7. Transmission performance is evaluated by comparing shift patterns.
8. Differential universal joints, noisy axle bearings, etc. are inspected; vibrations are also inspected.
9. Headlights are fully adjusted.
10. The wheel alignment geometry is checked for caster, camber and toe in & out adjustments.
11. The front and rear wheels are driven up to 45 mph and rubbed on disks to abrade glazing, brake rotor, hub and axle shafts.
12. Tests are made on stopping power, brake pull and brake pedal feel.
13. Long wheel suspension to check, gearshift, shifting return and evaluate brake, drum condition.
14. A thorough under-vehicle inspection is carried out to evaluate the safety aspects of the substructure.
15. Steering, shock absorbers, steering linkage, and suspension parts. These are only a few of the many safety items that are checked.
16. Tire wear and tread condition are inspected.

This Motorist report summarizes the results from the Motorist Service Centre for all required reports. When the work is completed, the car is taken through the Quality Control Centre where all repair work is electronically checked and must meet existing Quality Control standards.

This Motorist Centre reports the Service Writer that the Quality Control Centre checks all vehicles before sale.

This important "no" fluctuating position, gives you the confidence of complete safety and reliability.

87,938 Pennies collected locally

St. Albert boys and girls collected \$879.38 in their hallows'en for UNICEF campaign, reports Nadine Longenecker, chairman of the Edmonton committee.

Mrs. Longenecker said local children and volunteer workers did a commendable job and deserve much credit for the success of this year's campaign.

She noted the following amounts have been turned in by St. Albert schools: SAM: \$221.45; Simpson: \$200.83; Nickerson: \$126.71; Rundle: \$149.98 and Lacombe: \$180.41. Mrs. Longenecker said the most money per student was collected by boys and girls from Robert Rundle school.

Sir George Simpson Quebec Summer Study Group

"Joint Use Functioning in excellent fashion" — Gibbon

Mayor R. M. Gibbon, past-chairman of the Joint Use committee, in his annual report presented at a meeting at Town Hall last Wednesday, said the Joint Use Agreement is functioning in excellent fashion; and all parties concerned seemed to be in agreement with this statement.

Renee Laird, recreation co-ordinator, Town of St. Albert, said it would be difficult to find a contract which affects St. Albert residents of all ages more than the Joint Use Agreement, and added that an increasing number of people appear to be aware of its existence.

Mrs. Laird said that under the agreement, the schools make use of town-owned playgrounds, outdoor skating rinks, the arena, swimming pool, and tennis courts. There is wide use made by the community of school facilities for after school activities.

ilities.

Mrs. Laird noted that besides the gymnastics, other areas in some schools are at present being made available for compatible groups. "Although not included in the Joint Use Agreement, the school authorities are to be commended for their liberal attitude towards the use of these areas. Without them it would not be possible to accommodate some groups at the times requested," she said.

Schools are developing personalities of their own, Mrs. Laird said. "Vital Grandin, for example, is the place for badminton and basketball and Sir George Simpson is blossoming forth as St. Albert's concert hall, having hosted several concerts during the year."

Mrs. Laird said St. Albert is relatively free from the problems which seem to beset the implementation of Joint Use Agreements in other areas. "This is because of the excellent co-operation on all levels between the town and the two school districts. Small problems which arise from time to time are dealt with promptly before they have time to grow. Communication seems to be the key word."

Mrs. Laird said special mention must be made of the role of the volunteer in the wide range of recreational programs carried on at St. Albert. "Members of organizations and service-clubs give unstintingly of their time and energies and included in their ranks are people whose expertise and experience are invaluable."

The original intent of the Joint Use Agreement was to make available to the residents of St. Albert a high

standard of recreational facilities. "There can be few complaints that this objective is not being achieved," said Mrs. Laird.

The recreation co-ordinator presented a long list of organizations who received assistance in the form of facilities and/or equipment during 1971. These include youth groups such as brownies, guides, cub scouts, many sports organizations, arts and crafts, bands, choirs and sundry other groups.

John Beedie, superintendent parks and recreational facilities, spoke on maintenance and construction.

He said 1971 was the year of the washroom, as three such facilities were added to existing buildings. He said a section has been added to the Craft Guild quarters at the Arts Centre and a concrete block building will be erected around the gas kiln on the Arts Centre site.

The meeting carried a motion by Dr. Wm. Cuts, that a brochure be prepared on the joint use agreement; this brochure is to be given to all new residents. In speaking against the motion, Charles Schroder said it would be more appropriate to publicize the program through the Gazette. "New people moving in have no time to read a bunch of stuff from the town," he said. "Besides, there are lots of oldtimers who are not too well informed on this subject."

Mr. Schroder also raised the subject of snowmobiles. "Will the regulations regarding snowmobiles be enforced this year?" he asked. Mayor Gibbon noted that the RCMP police have one snow vehicle at their disposal and depend to a large extent on the co-operation of the pub-

lic in reporting illegal uses of snowmobiles. "I might suggest that snowmobiles be barred from the town all together, but then it would be immediately suggested that I be tarred and feathered," the mayor said.

Bill Penrose spoke on the acquisition of school sites; this matter was referred to the next meeting of the Joint Use, to be held December 21.

The executive for the coming year are Don Hunt, chairman; Jim Wiltshire, vice-chairman and Dan O'Connell, secretary.

Members include Dave Fraser, Vince Maloney and Elmer Gish. Serving in an advisory capacity are John Woodruffe, John Beedie, Renee Laird, Chris McDonnell and George Hargreaves.

"Don't be so nervous," whispered the fight manager cheerfully. "Remember - if he was any good he wouldn't be fighting you!"

A doctor claims he can cure a woman of just about any complaint simply by telling her it's a sign of old age.

All the fury without the fiddling.

Evinrude's Bobcat has a lot going for you. Speed is an obvious one. Reliability isn't so obvious, because people have come to expect problems from high-performance snowmobiles. The two, new Bobcat models are as reliable as they are furious. After all, isn't that what you've come to expect from Evinrude?

Council Report M.D. Sturgeon

The MD of Sturgeon spent \$728,515 for road construction, graveling, cilling and maintenance from January 1st until October 23rd. Total budgeted for 1971 was \$866,250. Of this figure \$107,335 was spent on maintaining municipal roads, and \$271,276 for graveling a total of 222 and one-half miles.

At their November 12th meeting council authorized the purchase of a Seaman's Pulvi Mixer at a balance payable of \$9,500, price being \$15,500 less \$6,000 rentals. The new model will be equipped with side chain drive and power steering and one set of carbon-steered grader blades will be purchased.

Public works foreman, Robert Stack, assured council that any signs reported removed on MD roads were attended to immediately, and that a crew was sent out to check all road signs.

Public works department was instructed to clean up the Villeneuve refuse grounds and cover with dirt, following a report from Mr. McAmmond of the Sturgeon Health Unit.

A letter received from Mr. Paul Shlemey of Manufacturers Life stated that the pedestrian crossing on Highway 2, north of 137 Avenue, was most hazardous to children. The matter was referred to Councillor Flynn for investigation, and a copy of the letter was referred to the Sturgeon school division.

Deficiencies on the Gibbons fire truck unit were reported in a letter from Fire Chief Yeo. Council will request King Seagraves to check all four MD units, and especially that of Gibbons. A letter from the Passenger Sales and Services manager of CNR advised that the company will keep the regular flag stop at Coronado.

Edmonton water department was authorized to carry out the necessary inspection of seven MD hydrants and 11 valves on 128 Avenue, between 149 Street and 156 Street at an estimated

annual cost of \$150. The mayor of Redwater has requested permission to use the MD fire truck unit at Gibbons as a back-up unit while one of their units was being repaired. Council granted permission to the Town of Gibbons to do so.

A request was considered that the MD pay for fencing on the north side of Naman school, going west for approximately 3/4 of a mile, in place of erecting the fence. Council is prepared to erect the fence in accordance with the agreement, but is not prepared to make any payment to compensate for fencing.

A statement of the 1971 cost of oiling and maintaining the east Gibbons road to the Imperial Oil Fertilizer Plant at Redwater, will be submitted to the manager of the plant, with a request that the company consider assisting the MD on sharing the expenditure, and also future maintenance. The manager will be invited to attend the next meeting if he wishes, in order to discuss the matter.

Permission was authorized for the department of highways to detour CNR line on to MD property, to provide for the construction of the railroad overpass on Highway 37; detour to be temporary.

Recreation director, Carl Royan gave a verbal report to council on recreational activities. A Sturgeon Minor Hockey Association has been organized with representation from each area within the municipality. Representatives from Redwater and Vimy were also in attendance. The Sturgeon Recreation Board has provided \$80 for operational costs, with the two outside areas providing \$10 each.

Twenty-one district people who attended the leadership courses at Camp He Ho Ha are now in the process of assisting groups within their communities or setting up new groups. Training was in six different areas of arts and crafts

As See It By Rose Mariel

By Rose Mariel

As we prepare for another Yuletide holiday season the theme is buy...buy...buy...and the spirit of a true Christmas is lost.

Christmas is supposed to be a joyful, meaningful time to remember the young and old, hold family reunions and exchange small gifts.

But not today! Now, budgets are forgotten and gifts, usually too expensive and many times useless, are purchased to impress the recipients. Few gifts are given in the true spirit of friendship and love.

Christmas time is a frustrating time for those on a limited income. It is a desperate time for the old age pensioner and the one-parent family. These citizens feel left out at Christmas time because there is no extra money to buy what is advertised and expected by those who can afford the luxury of Christmas at today's prices.

It is a time of great desperation for many, and the suicide rate increases each holiday season.

As I see it: it is high time

programs. Mr. Royan also dealt with Capital Grants, the Regional Council concept and joint use of schools Sturgeon School Board is presently studying recommendations made by the principals on such joint use.

Council decided to submit an application to the department of municipal affairs under the 1971 federal program to combat unemployment. The application will be on behalf of the entire municipality, including towns, villages and hamlets. Agreements will be executed between the towns, villages and MD for expenditures above the federal program allocations.

Offset price list was approved for the Tax Recovery Land Sale to be held December 29th at 2 p.m.

A letter from Mr. F. J. Bruha for Oakhill Foundation requested council to consider cancellation of tax arrears of \$5,429. Council voted NOT to approve the cancellation.

Report of the 1971 Census of Canada showed the population of MD Sturgeon on June 1st, 1971 at 10,068. This compares with 15,926 at June 1st, 1966.

to put an end to all these high pressure selling promotions. It is high time we went back to the old way and to the old fashioned family Christmas, where gifts were appreciated for their thoughtfulness, not their price tag.

This is not the time to impress the boss with an expensive gift in the hope of being promoted right after New Year. Better to set an example of good citizenship by sharing Christmas with someone less fortunate than you, than to gorge yourself with gourmet food and drink.

Did the idea ever occur to some people that maybe some day they, in turn, may be the lonely individual who "celebrates" Christmas alone and broke?

Make it your business this year to share Christmas with someone less fortunate than yourself; and teach your children that the true spirit of Christmas is giving...not receiving.

Legal CWL

The November meeting of St. Emiles CWL heard a report by Madeline Cornelius; the financial statement was read by Mickey Stapleton.

Two of the projects recently completed by the group includes a program of entertainment for residents of the auxiliary hospital and a baking contest at which many of the ladies won ribbons.

Volunteers also worked at the Parish Family Fair, held on Nov. 19. CWL will sponsor a home management series after the New Year. If enough registrations are received, French and English calendars are being sold after the two masses in December at 75¢ each.

On Dec. 19 the CWL will hold their annual Christmas party with a pot luck supper.

Next meeting Dec. 14th with guest speaker Pat Frymak. Her topic, "Status of Women in Canada."

The public is invited to come.

VILLAGE OF LEGAL Notice of Preparation of Assessment Roll 1972 PROVINCE OF ALBERTA

CARE Food Crusade Seeks \$750,000

The relief crisis created by the influx of Pakistani refugees has been compounded by floods or drought in six states of India, necessitating an increase in the 1971 holiday-season "World of CARE" fund appeal.

To conduct emergency aid for these groups in addition to scheduled programs aimed mainly at saving children from hunger and malnutrition will require — \$750,000, CARE Director Thomas Kines announced. The fund goal is 10 per cent more than last year.

Combined with operating support from host governments and donations of farm abundance, the Food Crusade will complete an over all plan to help feed 24,350,000 people in 35 countries or areas during the coming year. Public contributions will be applied at the rate of \$1 per food package or unit.

Emergency aid in India will go to 2,750,000 persons, including Pakistani refugees drought victims in Mysore and Maharashtra; flood victims in Bihar, Orissa, Uttar Pradesh and West Bengal. Of the 25,600,000 recipients in regular programs, 24,900,000 will be children fed daily at baby clinics, preschool and nutrition centers, schools and other institutions — often, in facilities built under CARE's self-help program and hospitals where CARE MEDICO teams are based. Adults are helped in food for work projects.

Food Crusade units vary according to country and nutritional needs. Supplies include commodities, products donated by the food industry and foods bought by CARE. Under the direct

tion of CARE's professional staff members in each area, deliveries are made in the name of the CARE donor.

Contributions may be sent to: The World of Nutrition Program, 63 Sparks, Suite 402, Ottawa, Ont. K1P 5A6.

MR. AND MRS. ALLAN NIELSEN

Local couple wed in Lutheran church

St. Albert Lutheran church was the scene of an afternoon wedding Nov. 20, when Susan Laxalde, daughter of Mr. and Mrs. Thomas Burrows became the bride of Allan N. Nielsen, son of Mr.

A married couple was having a quarrel-again concerning their families. "You never say anything nice about my family," the wife complained.

"Yes, I do," her husband countered. "I think your mother-in-law is a lot nicer than my mother-in-law."

A man was notified by his psychiatrist: "If you don't pay your bill, I'm going to let you go crazy."

Sign on the office bulletin board: "In case of fire, simply flee building with same reckless abandon that you left it."

Movies in your room

Hitting nightspots after a hard day's business doesn't always seem very attractive, except for those times when you check the television listings in your hotel room and find there's absolutely nothing you could stand seeing. But what if you could choose your evening's entertainment from a list of good new movies?

Two U.S. outfits have begun making this possible and it may catch on in Canada. They are making deals with hotels for a system that puts the movies in through TV cable system on two channels. The common is a share of the \$2 or \$3 charged hotel guests to watch one of the movies, and more important, the increase in room occupancy the setup appears to produce. The hotel management keeps its guests on the premises, which offers more room service, bar and

restaurant income, and makes them happier. And the viewer — more often than not travelling on company expenses — gets entertained and hardly notices the charge on his hotel bill.

New Stamp

The Canada Post Office will issue its new 8¢ "agile" definitive stamp for sale on December 30th, 1971. The first class rate for letters goes up to 8¢ on January 1st, 1972.

The slate-colored stamp was designed by the Canadian Bank Note Company Limited. The design bears a portrait of Her Majesty Queen Elizabeth II in the right foreground with a view

Session slated for March 2

The first session of the 17th Alberta Legislative Assembly will commence March 2, 1972, with the traditional Speech from the Throne.

In announcing cabinet approval of the March 2 date, Premier Peter Lougheed said it is the intention of the Progressive Conservative government to revert to the normal mid-February opening of the legislature

assembly in future years. The date for the opening of the 1972 fall session will be announced at a later time by the PC government.

Toymakers set for surge

Toymakers in Canada are looking for their best Christmas season ever this year, in spite of a troubled economy and high unemployment. A survey of leading toy manufacturers shows projected sales gains ranging from a modest 10 per cent to a whopping 45 per cent for Christmas, 1971. If the projections are realized, toy sales could reach \$1.5 billion in 1971, up from \$1.4 billion in 1970. The toy industry is expected to be the most profitable of all retail sectors this year.

LEGAL LOCALS

By Lucienne Montpelt

Mr. and Mrs. Marcel Lessard are receiving congratulations upon the arrival of their baby daughter, Carmen Dawn, born on November 25, weighing 9 lbs, 1 oz. A sister for Denis.

The K of C, sponsors of the New Year's Eve Frolic, still have a few tickets for sale. Buy yours now and enjoy ringing the old year out and welcome the New Year in.

Expressions of sympathy are extended to Mr. Leon Prefontaine who is mourning the loss of his sister Mrs. Elie Caouette from Bonnyville. Mrs. Caouette passed away at the age of 70 years.

"Le Theatre des Plaisants" a puppet show from Quebec and currently touring Canada gave a representation of a trip to the Planet "Astéroïde B-612." This was presented to the grades 1 - 12 in the school auditorium. The performance was thoroughly enjoyed by all.

On December 2 a group of ladies from Smoky Lake, Gibbons, Bon Accord, Morinville and Legal of the Tamara area for brownies and guides gathered at the rec. centre in Legal for a training session for guides and leaders. Group discussions under the direction of Miss Pauline Vaugelas, area commissioner, were held informing each group of their responsibilities towards the girl guides and brownies. Mrs. Pat Cowart informed the executives of the different local organizations of their duties toward the brownies and girl guides. After a very informative evening Mrs. Doreen Lamoureux, commissioner for the Kananis division, and Mrs. Leo McArthur, district commissioner, thanked all the ladies for participating.

Les Femmes Chrétiennes will be busy this weekend. They will give a program at the auxiliary and Nursing home in Westlock Saturday afternoon and Sunday they will entertain the Senior Citizens at the Château Sturgeon. We hope Santa Clause will visit with us during our afternoon.

Santa Clause is coming to Legal! When? On Dec. 18. Where? At the Legal Co-op. The board of directors, management and staff of the Legal Co-op wish to extend an invitation to all the kiddies to visit Santa on Saturday, Dec. 18 between the hours of 2 p.m. to 5 p.m. Santa will have a treat for all the good girls and boys.

Attention to all the skidoo owners. On

Tuesday, Dec. 14, at the Legal High School at 8 p.m. there will be a meeting for all interested. This meeting will consist of a special guest speaker and safety shows on ski-dooes. Everyone welcome!

Report from Gibbons

By Gladys Morin

The Rangers travelled to Fort Saskatchewan Nov. 24 for an evening of bowling.

The December 1st turkey bingo was a huge success with over 250 people in attendance.

Have you noticed the shiny clean floor in the Gibbons Hall? The local Rangers supplied the elbow grease for this big job.

Please keep in mind that on Wednesday, Jan. 5, the annual mens Legion meeting will be held in the hut. All interested persons welcome.

Christmas lights are beginning to appear on the streets. Let's all help to brighten our little town this year.

The first guide company visited Mrs. Edith Elchner recently. Mrs. Elchner told the girls about her life in Germany and her work as an artist. After an enjoyable visit, Mrs. Elchner served the girls a delicious lunch.

Vimy 4H Beef Club

By Madeleine Blanchette

The Vimy 4H Beef Club met on Dec. 1. The meeting received reports from the treasurer and chairman of the yearbook committee. Mr. Henri Lussan was named as the group's additional assistant leader.

The Beef Club executive will meet with the executive of the Vimy Neudles 4H Sewing Club on Dec. 14. A Christmas party which is to be held on Dec. 20.

Members will be touring a packing plant on Dec. 30 and it was decided to invite a member of the University of Alberta faculty of veterinary science to give a talk at Vimy.

The leader and assistant leader showed the members how to keep their books and Madeleine Blanchette gave some points on conducting a meeting.

The next meeting is on Jan. 5, 1972.

Bon Accord Activities

By Sadie Allen

Congratulations to ex-BA student, Nick Bodnar, who has made the M. E. Lazerie senior basketball team.

A most enjoyable time was had by the many friends and relatives who turned out to wish Mr. and Mrs. Ray Mulligan the best of everything on their golden wedding anniversary. Keith Everitt was MC for the occasion and Bill Deedman made the presentation on behalf of the community. Earl Mulligan spoke on behalf of the family. Congratulations messages were received from Gov. General Michener; Prime Minister Trudeau; the Hon. Robert Stanfield; L. Gov. Grant MacEwan; Premier Peter Lougheed and Mayor Howard. Members of the immediate family present included their four sons Alan, Glenn, Earl and Bruce, their wives and 16 grandchildren and two great grandchildren.

Congratulations to Mr. and Mrs. John Everitt, who celebrated their 59th wedding anniversary on Dec. 4.

We welcome to the vil-

lage newcomers Mr. and Mrs. Don Millwood; Mr. and Mrs. Keith Williams; Mr. and Mrs. Ed Gower; Mr. and Mrs. Steve Knobe and Mr. and Mrs. Glen Brooks.

A hockey coaches clinic is scheduled to be held in Bon Accord on Saturday, Dec. 11 and Sunday, Dec. 12. Registration times are 9:30 and 11 o'clock respectively. Saturday classes will run from 10 a.m. to 9 p.m. Sunday sessions are from 11 to 3. Each student should have with them a notebook, pencil, skates, gloves and if possible, a stick and whistle.

Congratulations to Mr. and Mrs. Gerald Raymond on the birth of their son Christopher Norman on Dec. 2.

Hockey gets underway this week with mites and peewees playing at Vimy on Dec. 11, game times 12 and 2. Ban-tams are playing Redwater at BA on Dec. 12 at 7 p.m.

Get well wishes to Mrs. Inna Deedman, Fred Weidner and Chris Carleton, all in hospital.

Arthur Roy dies at 89

By Rose Martel

Funeral services were held recently for Arthur Roy 89, a resident of Morinville since 1904. He died in Lynnwood Auxiliary Hospital, Edmonton, after a lengthy illness. Rev. Father G. H. Primeau celebrated the Requiem Mass in St. John the Baptist RC church and interment followed in the local church cemetery.

Funeral services were five grandsons, Robert and Richard Lepage, Raymond and Maurice Depalme, Guy Gauthier and Sam Beland, a family friend.

Born in Ferdinand, P.Q., Feb. 1, 1882, the late Mr. Roy arrived in Morinville in 1904 to join his father, the late Camille Roy and an older brother, Albert, who operated a grocery store in Morinville at the time. He later became the Walrins' salesman for the town and district.

In 1914 he married Maria Fardit, from Harnond, P.Q., Mr. and Mrs. Roy opened the Morinville Star Cafe, and operated it for years until illness forced Mr. Roy to retire 25 years ago.

The couple had six children; one child died in infancy.

Mr. Roy is survived by

one son, Emile, of Edmonton; and four daughters, Mrs. Annie Gauthier and Mrs. Jeanne Depalme, both of Red Deer; Mrs. Mabel Schafers and Mrs. Cecile Lepage of Morinville; also 10 grandchildren and four great grandchildren.

Bin at Church

The paper bin will be at St. Albert Roman Catholic church this weekend, December 10, 11 and 12. The Sturgeon River girl guides ask the co-operation of all residents in bringing their waste paper to the bin located on the parking lot. For pickup please call Mrs. Carignan at 599-6807. Help the girl guides stamp out paper pollution and earn some money for their many activities.

At a businessmen's luncheon, a dull speaker said to the man next to him, "I can't tell you how much I appreciate your sticking around to hear the end of my speech. Most of the others seem to have left."

"Don't mention it," came the reply. "I'm the next speaker."

Villeneuve 4H

By Jocelyn Durocher

The Villeneuve 4H Beef Club held its second regular meeting on Monday, Dec. 6. Final plans for the bingo were made.

The bingo will be held on Sunday, Dec. 12 at the Villeneuve Community Hall, starting at 8 o'clock; 20

games will be played with 20 turkeys to be won. An Italian raffle will also be held. A number of useful products will be offered at this raffle. Admission will be \$2 and extra cards will be available. Coffee and doughnuts will be served.

The club will hold a calf tour on December 28 starting at 9 a.m. at the Marcel Kerkhof farm.

The next meeting will be held on January 3 at the Durocher home.

Earnings on uptrend

Third quarter earnings reports so far are showing an overall year-to-year improvement. Present indications are that corporate profits for 1970 year 1971 will be about 10 per cent ahead of 1970's poor showing. The first half of 1971 was down slightly from the first half of 1970, but the second half will be buoyed by the recent tax cuts, and the continuing recovery in the economy from its poor showing last year. Looking further ahead, and subject to the uncertainties of future U.S. economic policies and their strong bearing on the Canadian economy, the outlook appears to be a continuing earnings revival. Consumer spending has been picking up this year, and retail sales in August were up 10 per cent over August 1970. New housing starts, another key indicator, are up sharply over 1970.

AROUND TOWN

When you are doing your shopping at Grandin Shoppers Park this Saturday, please watch for Pat Hillson. She's the (very cold) lady sitting outside Safeway's, selling UNICEF Christmas cards. Mrs. Hillson may be reached at 599-3418 and cards are also available at her home, 132 Grandin Road. She's doing her part; will you do yours?

Post Office Christmas Schedule

The Canada Post Office has announced a schedule of service for the Christmas-New Year holiday period. The precise details of service will vary from one Post Office to another and should be checked locally. ST. ALBERT POST OFFICE

Saturday, Dec. 11: The full range of wicket services (as on a weekday) with the hours determined locally, between the hours of 9 a.m. to 1 p.m.

Saturday, Dec. 18: Letter Carrier delivery: again, the full range of wicket services with the hours determined locally, between 8:30 a.m. and 5:45 p.m.

Saturday, Dec. 25: No service.

Monday, Dec. 27: No letter carrier delivery or wicket service. Rural routes will operate according to local needs, regular street letter box clearance and mail delivery.

Tuesday, Dec. 28: No letter carrier delivery. All other services, including wicket services, provided according to local needs, between the hours of 9 a.m. to 1 p.m.

Saturday, Jan. 1: No service.

Monday, Jan. 3: No letter carrier delivery or wicket service. All other services provided according to local needs, regular street letter box clearance and mail delivery.

In addition to the above, during the period December 7 to December 23, an extra street letter box clearance will be made at 10:15 a.m. daily.

There will be home delivery of parcels on the following days, Saturday and Sunday December 11 and 12 - Saturday and Sunday, December 18 and 19.

McClure telecast to be shown in St. Albert United Church

Dr. Robert McClure, past moderator of the United Church of Canada, will take

the pulpit via television in numerous United churches across Alberta on Dec. 12.

In a special telecast, timed to coincide with Sunday morning church services, Dr. McClure will urge all United Church congregations to support the special Advent campaign of the Church and Society Division of Alberta Conference.

Theme of the campaign is "Cry 'Christmas' - Cry 'World'". Congregations are being asked to move the focus of their Christmas giving from themselves to World Development and Relief, with special concern for East Pakistan refugees. Members are being asked to consider giving 25 per cent of what they would normally spend on Christmas to the needs of the world.

The half-hour televised program featuring Dr. McClure who has recently visited Pakistani refugee camps will be carried on seven stations across Alberta.

In St. Albert, Rev. Len Musto plans to have his congregation view the telecast at 11:30 a.m., in the lower church hall during coffee fellowship.

Around Town

To earn money for their summer study trip to Quebec, the French language students at Simpson Junior high have come up with two more projects. The boys and girls will be canvassing the town offering for sale magazine subscriptions during the week of Dec. 8 to 14. Orders will also be taken at 599-4537; 599-6974 or 599-7352. The students will hold a sale of native woodcarvings in the Simpson assembly area this Thursday and Friday, Dec. 9 and 10 from 3:30 - 5:30 p.m. A good chance to pick up an attractive Christmas gift.

Goings on at Paul Kane

By Holly Hill

Coach Fred Resler is having basketball practices for the girls Mondays and Wednesdays. The boys will be practising Tuesdays and Thursdays under Mr. Heyworth.

The team's first game will be played Dec. 18 at Camrose.

CHRISTMAS CONCERT: Nancy Rayment is in charge of this year's Christmas concert which will be held on the last afternoon of school before Christmas holidays from 2 to 3:30. It will only be held if the students show enough interest in participating in it. All students wishing to take part should give their particulars to Nancy before Monday, so

that she will have time to put the program together for Friday afternoon.

CHRISTMAS DANCE: December 14 from 8:30 to 12 p.m. PK will be sponsoring a Christmas dance at the Club Mocambo. The dance is closed to Paul Kane and SAHS students and guests. Dance Canada from Vancouver will be playing. Admission is \$1.50 per person and \$2.50 per couple with cards and \$2 per person and \$3.50 per couple without cards.

CURLING: Results from last week's curling are the Norman Hill and Matt Lister teams tied for first place with 12 points. Tied for second with 11 points are the Terry Mit-

chell and Layne Bryant four somes, Janice Hoosier and

Patricia Cann are in third place with nine points each; With seven points in fourth place are Dave Upright and Brad Hoosier.

Ceramic club members are busy bees

By Rose Martel

Recently I visited the Morinville Ceramic Club members at work and found a beehive of activities going on among the 18 members present. Large tubs, some filled with muddy water, others with clay, and a number of large containers with various basic color dyes were everywhere. Two potters wheels and a brand new kiln, costing \$700 are part of the fine facilities. Incubators lining the walls are the many articles such as hand moulded small ash trays, fancy vases, large urns and pots, made by the members. These articles are made from clay, and then baked and glazed.

This club only began last

year with five ladies, Charlotte Roppel, Annette Lapointe, Rhonda Stapleton, Vivian Rousseau, Pat Johnson and Claire Pelletier. Lois Folkins from St. Albert is at present giving instruction to the charter members in an advance course.

Last October the first open house took place and more interest was created through this display. The group also hosted a coffee party. The original members have since been joined by Priscilla Hamer, Jeri Truman, Florence McGinnis, Mary Flanagan, Shirley McLary, Jeannine Chalfoux, Claire Casavant, Trish Seymour, Nancy McEwan, Irene Betty and Eva Atkinson, all of Morinville. Five ladies from Bon Accord have also joined the group.

I enjoyed the lesson in chemistry, when my guide

and hostess, Annette Lapointe, explained to me the many and varied basic recipes used to mix the chemicals and clay for different articles and finishes. The various finished products are in many different glazes.

The workshop sessions are held weekly in the former convent laundry building. According to Mrs. Lapointe, the Morinville Recreation Board paid for the kiln, and free accommodation, including all utilities, are provided by the Thibault school board. The \$12 membership fees pay for the materials used by each member during the 10 month course.

The club members will hold a display and sale of handmade articles after the Yuletide holidays in the Morinville Hardware.

I enjoyed the lesson in

Alcomdale 4H Sewing Club

By Elizabeth Stitsen

The Alcomdale 4H Sewing Club held their regular monthly meeting at the home of Mrs. C. Stitsen; Mary Mensink led the nine members in the pledge.

The group received an invitation from the Villeneuve 4H club to join them for a Christmas party. Helen Busendus and Elizabeth Stitsen volunteered to make Impremettes for the December and January meetings.

At a work meeting held November 20, the group appointed Elizabeth Stitsen to represent the Alcomdale club in the Westlock Carnival.

Namoo will hold New Year's Eve Dance

A gala New Year's Eve party has been arranged by the Namoo Community League, complete with novelties,

Vimy Needles

By Claudette Landry

The November 24 meeting of the Vimy Needles Clothing Club saw 46 people present. Members and leaders were led in the 4H pledge by Rosanne Dubois, Claudette Landry and Alice St. Arnaud.

The meeting discussed a joint Christmas party with the Beef Club, to be held Dec. 22, at which time the raffle will also be drawn for. The girls are having a sewing week this week to catch up on their work.

Speeches were given by Darci Beller, who spoke on her trip to Victoria; Ros-

RURAL RECREATION

By Carl Royan, Recreation Director, MD Sturgeon.

HORSE HILL

A very successful meeting was held in Horse Hill on Thursday, December 2 to organize a craft club within the area. The response was so large that three groups were organized. The meeting times have been established as Monday afternoons at 1:30 and Tuesday and Wednesday evenings. For further information contact: Dolores Cruden 799-5792 (Monday afternoon); Mary Kinsey 799-3879 (Tuesday evening) or Barb or Betty Veenstra 799-5065 (Wednesday evening).

MEARNS

Dance classes will be starting in Mearns on Saturday, December 11. These classes will be concerned mainly with social dances. There is also a craft club organized that will first deal with

woodwork. More information on either of these clubs can be gained by contacting Jenney Bererton at 256-2141

RIVIERE QUI BARRE

A group concerned mainly with athletic activities has been organized in the Riviere Qui Barre district. The club meets on Friday evenings and participates in activities such as volleyball, badminton, basketball etc. For more information contact Almee Flynn at 256-2077.

REGIONAL CLINICS

There will be a dance instructor's clinic starting Thursday, December 16 at Morinville. This clinic will run for eight weeks for one night a week. The objective of the course will be to

equip interested persons to teach social and folk dancing. The program for the first evening will include examples of ballroom and Latin American dancing as well as mixers and folk dancing. The time and place it will be held are still undecided so if you are interested give me a call at 424-6276 or 256-3321. We can accommodate as many people as are interested.

The dates for the clinic on batik, the dye and block printing have been set for Feb. 8, 10, 15, 17, 22. The classes will be held in the afternoon and are open to interested persons who are willing to instruct others in your community. For further information contact either myself or Pat Frymak at the municipal office.

Thank-you

We wish to thank most sincerely all the neighbors, friends and relatives who assisted us during our recent bereavement, when we lost our beloved husband and father, the late Arthur Roy. Special thanks to Dr. M. W. Friedman and the staff at Lynwood Auxiliary Hospital, for the care given Mr. Roy during his long illness there. Sincere thanks for the many expressions of sympathy and spiritual offerings received.

Mrs. Maria Roy and Family.

Card of Thanks

We wish to thank all our friends and relatives for the concern expressed in so many ways and the gracious help received when my husband was so ill recently. Many thanks also for the cheery cards and the beautiful flowers. Special thanks to Dr. J. McCaffery, Dr. Fairfield and all other members of the Grandin Medical Clinic staff and to Miss Helen Crawford, Industrial nurse at No. 7 depot Namoo base. We also wish to thank the staffs at the Sturgeon and Edmonton General Hospitals.

Mrs. Frank Brennes and family,
Morinville, Alberta.

Christmas baking, hand made knitted items, decorative candles and various attractive Christmas novelties and stocking stuffers will be featured at the Legion Hall this Saturday at 1:30 p.m., when the Ladies Auxiliary are holding a sale of baked goods and gift items.

The Bookworm Story Hour at St. Albert Library will hold the final session for this year on Tuesday morning, Dec. 14. The program, very popular with local five year olds will resume in January.

More volunteers needed for lunch program

Anne-Lise Larsen, coordinator of the SAM school lunch program, told the Gazette if not more volunteers sign up to help supervise the youngsters from 11:15-12:30 daily, the program will have to be discontinued. About 40 children are presently staying over for lunch at the school, and two supervisors are needed per day. When contacted by the Gazette, Mrs. Larsen said

no volunteers had yet been found for Wednesday and Thursday of next week. Anyone able to help, please call her at 599-7341.

"Parents have opted not to go for the school busing proposal," said Rosemary Holmes, one of the parents of the Mission Park busing committee. "Most just cannot afford it and many do not want their children to arrive at the school so early in the morning where they would have to wait in the mud-room."

Mrs. Holmes said Mr. Grimstead of Western Bus Lines "really bent over backwards" to try and accommodate the children.

Many parents are organizing car pools and many

children from Mission Park are still walking to SAM. Mrs. Holmes said their

is "hazardous" as there is no sidewalk for the youngsters to walk on and they

have to cross Churchill Avenue if they use the walk on the other side.

The new St. Albert Safeway, located in Grandin Shoppers Park, opened its doors Tuesday morning. The store features wide, spacious aisles, attractive food displays and an excellent produce department. The meat coolers are well stocked with all favorite cuts and the staff will be pleased to custom cut if desired.

Public School Briefs

A request was received from Mr. Patterson, principal of Vital Grandin school for carpeting in the school library. This was referred to the finance committee at the Dec. 6 meeting of the board of trustees, St. Albert Catholic school district.

Trustees agreed to foot the bill, not to exceed \$500 to send the St. Albert High senior girls volleyball team, plus their coach and supervisors, to the provincial playoffs in Grande Prairie this weekend.

The first two weeks in January will be "trustee visitation weeks" in the public school system. Trustees are invited to visit the schools during this period and become better acquainted with the staff and the programs.

The communication committee was asked to consider parent advisory committees and bring forth a recommendation regarding the making available of information. This could be done through newsletters or through the local press.

Ross Johnston, principal St. Albert High and Terry Wisplinski, co-ordinator of guidance, presented a detailed and informative report on the various programs and procedures at the high school. The Gazette will report more fully on this next week.

A young woman who lived in a high-rise apartment building had just stepped out of the shower and was reaching for a towel when she caught sight of a window washer looking through the window at her. She was too stunned to move, just staring at the man.

"Whatcha lookin' at lady," he finally asked. "Antichia never seen a window washer before?"

MORINVILLE MEMOS

By Rose Martel

The Morinville Parish Council is planning a New Year's Eve Frolic with dancing to the music of the Combettes, a midnight supper, and novelties. This event will take place at the Recreation Centre and will commence at 9 p.m. A limited number of tickets is now available from Parish Council members and at the Royal Bank.

Some 16 persons attended the annual meeting of the Frontier Daze Club held in the International Building on Monday, Nov. 29. Maurice Schayes chaired the evening meeting and Pete Gibeault gave the president's report and also gave an outline of plans for the coming year. Yvonne Turgeon read the financial report. Ann Maslyk was re-elected for another term as director; new members on the executive are Ron Lambert and Denis Belanger, representing the youth.

The Board of Trade hosted a social evening in honor of Mr. and Mrs. Allan McDonald, Farm Award winning candidates for the MD of Sturgeon. Lou Calder, president of the Board of Trade, introduced the guests and Barbara Hittiger, 1971 Frontier Daze Queen, presented the couple with an engraved wall plaque on behalf of the members. Other honored guests included Raymond McDonald, Citizen of the Year, and Mrs. McDonald. Mayor Arthur Stapleton congratulated the McDonald family and commended them for their fine contribution to rural development. The evening concluded with a midnight buffet, served by Mrs. Calder, assisted by local ladies.

On Saturday, Dec. 11, the United Church Ladies will hold their annual Christmas bake sale at the Morinville Hardware, beginning at 10 a.m. Coffee will be served.

Bon Accord water tank nears completion

The one hundred thousand gallon water storage tank for Bon Accord will be completed in a few weeks, Mayor Elmer Breunan reports this week. The tank will be equipped with a multi-stage electric pump with a capacity of 180 gallons per minute. A gas-powered pump, capable of delivering 480 gallons per minute will be part of the installation, for use in case of fire or power failure.

The mayor expects the

Last Monday word was received by relatives of Camille Charest, formerly of Morinville, that Mr. Charest had accidentally drowned while returning from a hunting trip near Clearwater Lake. According to reports received, Mr. Charest and two other men were returning by boat with the carcass of a moose when the boat capsized, and Mr. Charest, 61, of Kelowna, a non-swimmer, never made the shore. His two companions survived. Up to news time, the body had not been recovered. Camille Charest lived in Morinville for years, operated a garage here and married Clara Schafers. He is survived by his wife in Kelowna, one daughter at home, also two sons, and four married daughters. His brother, Eugene, is a resident in Morinville.

Uniform debating many resolutions at convention

The Tax Bill (C-259), feed grain prices, and rapeseed marketing, are expected to stir considerable discussion, at the second annual Uniform Convention, Tuesday to Friday this week at the MacDonald Hotel in Edmonton.

Five hundred convention delegates are expected to debate and act on over 40 resolutions, thereby setting policy for the organization in 1972.

The convention will host a number of reputable speakers, including the following: 8 p.m. Dec. 7: Hon. H. A. Olson, Federal Minister of Agriculture; 9:30 a.m. Dec. 8: Dr. Hugh Horner, Alberta Minister of Agriculture; 3 p.m. Dec. 8: Charles Munro, President Canadian Federation of Agriculture; 10:30 a.m. Dec. 9: Sylvia Ostry, Director, Economic Council of Canada; 10:30 a.m. Dec. 10:

Mrs. Louise Desnoyers and Mrs. Alice Woytkiv, sisters of Mrs. Camille Charest, left by train to stay with their sister and family in Kelowna.

Mrs. Teophile Himschoot accompanied by her son Octave, and family, and Mrs. Gary Himschoot, motored to Smoky Lake on Nov. 27, to attend the wedding of her grandson, Arnold Himschoot, son of Mr. and Mrs. Armand Himschoot, to Collette Bolsonnault, daughter of the late Camille Bolsonnault of Morinville, and Mrs. Blanche Ricard of Edmonton. Other relatives from this area also attended the evening wedding in Smoky Lake.

Mrs. Victor Perras and son, Maurice, moved to their new home in St. Albert last weekend. Mr. and Mrs. Ar-

Clyde Jarvis, President, Montana Farmers' Union; 11 a.m. Dec. 10: Premier Lougheed, Province of Alberta.

NAMAO News

by Audrey Gibson
The Community League will hold its next monthly bingo on Dec. 17 in the Community Hall at 8 p.m.

A shower was held recently in the community hall in honor of Joanne Critchley, daughter of Mr. and Mrs. Charles Critchley of Bon Accord, whose marriage to Richard Bokenfohr, son of Mr. and Mrs. William Bokenfohr of Namao took place on November 26.

he says, will require a huge effort on the part of both the village and the surrounding area, and he urges all of the people involved to get solidly behind the community centre board.

THE ENERGY SAVER A DISHWASHER

WHY DO I NEED A DISHWASHER?

Probably the most encouraging feature of an automatic dishwasher is that it saves precious time. Besides doing the work for you, dishes are cleaner than you can possibly achieve by hand. A combination of extra hot water and powerful detergent gives these hygienic results.

SHOULD I CHOOSE A PORTABLE, BUILT-IN OR CONVERTIBLE?

That depends on your living situation. If you're in an apartment or rented dwelling a portable is ideal. Choose a built-in as a permanent installation. However, if a move is anticipated in the near future, choose the convertible, which is a portable now and can be a built-in later.

HOW HOT MUST THE WATER BE?

For maximum efficiency, the water temperature for automatic dishwashing should be 140° - 160° F. It can be checked with a meat or candy thermometer at the kitchen sink. HOW MUCH HOT WATER DOES A DISHWASHER USE?

The machine does not "fill up." It efficiently uses approximately two gallons for each wash and rinse. Therefore, one load will require between 6 and 15 gallons, depending on the type of cycle used.

MUST I PRE-RINSE?

It is definitely NOT necessary to pre-rinse dishes before putting them in the dishwasher.

Simply scrape off food particles as you would for regular dishwashing.

WHAT ABOUT USING THE DISHWASHER FOR GOOD CHINA?

Fine china is probably much safer from breakage in the dishwasher than it is when washed by hand. Most china is glazed which protects the finish and makes it safe for dishwasher use. However, it is a good idea to check this with the china manufacturer. Hand-painted china is usually not dishwasher proof.

MUST I USE A SPECIAL DETERGENT?

It is very important that detergent specifically designated for automatic dishwashers is used. It is formulated for this purpose only. The brand and amount will depend upon individual water conditions. Hard water requires more detergent than soft water. WHAT DOES A RINSE AGENT DO?

A rinse agent helps to eliminate spotting and filming by sheeting the water off completely. It is particularly useful in hard water areas. An automatic rinse agent dispenser is an available feature on many dishwashers.

For further dishwasher information and your free buying guide on dishwashers, contact the home economist at Calgary Power, Box 1900, Calgary, Alberta.

Our Half Acre

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Training program for farm workers

—Issued by the District Agriculturist's office.
Alberta farmers can now train their own farm workers and receive compensation from the federal government under its recently announced training on the job program. The farmers pay 25 per cent of the man's regular salary and Canada Manpower pays the remaining 75 per cent.
According to Bill Bayda

the provincial government's supervisor of agricultural manpower, to qualify for a worker under the training on the job program, a farmer must show that he is capable of training the prospective employee and of providing him with adequate housing and working conditions. An example of the latter would be normal working hours. Canada Manpower will interview all

prospective employers and select those with the greatest training capability and those who normally employ permanent farm workers. The training period should be at least three months, and, hopefully, in most cases it will be six months.

Canada Manpower will also choose the farm workers. The program is intended to train people who are presently unemployed; not to provide training for those who are already working. Neither is it designed to replace permanently employed people with new trainees.

Mr. Bayda says there has been a great deal of difficulty in the past, particularly on the larger, more specialized hog, dairy, beef and poultry farms, in finding reliable help with experience in animal industry.

Any farmer who is interested in providing training for a potential farm worker should contact his local Canada Manpower office, or the district agriculturist.

Notice from PFAA

—Issued by the District Agriculturist's office.
December 31, 1971 is the final date for the completion of applications for awards under the 'Grassland Incentive Program' for perennial forage seeded in 1971.

Farmers who have reduced their summerfallow and crop land by a minimum of 25 acres and have increased their perennial forage acreage by a minimum of 25 acres in 1971, who otherwise meet the requirements of the regulations, may qualify. The important factor to remember is that the application form must be completed by December 31, 1971. No extension of this date will be made. Applications completed after December 31, 1971 for the 1971 Grassland Incentive Program will be rejected.

WATER Analysis

Anyone who wants to have his water tested to see if it is suitable for livestock should contact the district agriculturist or send a sample to the veterinary laboratory, O. S. Longman Building, 6909 - 116 Street, Edmonton.

The sample should consist of at least a pint of water. Veterinarians in the toxicology section of the laboratory will do the analysis and comment on the suitability of the water for different types of livestock.

Samples of water for human consumption should be sent to the department of environment, Miller Building, 10040 - 104 Street, Edmonton. This department accepts samples sent by health units, but does not analyse water intended for livestock only. Until quite recently, the toxicology section of the veterinary laboratory tested all samples of water intended for both animal and human consumption.

VLA Loans available

Many farm families have utilized loans under the Veteran's Land Act for housing, farm buildings, etc., but this agent will cease loans as of March 31, 1974.

Loans under the VLA are available to veterans only and to veterans who have established eligibility for loans as of October 31, 1968. Interest rates are 3.5 per cent for part and 7.5 per cent (the latter rate is revised every six months) for the remainder. Loans are for 25 to 30 years duration. The VLA loans up to \$40,000 for any economic

Agricultural workshop set for next month

—Issued by the District

Agriculturist's office.
The Rural Education and Development Association has scheduled an "Agricultural Policy Development Method Workshop" to be held in Edmonton, January 17 - 20, 1972.

This is an educational, not a political, workshop, open to any rural person interested in learning a step-wise process of developing policies for agriculture.
It is hoped this educational experience will help develop leadership among extension advisory committees, Uniform groups, county councils, women's groups, such as the Women's Institute, etc.

The specific leadership

skill to be developed at the workshop is the ability to get groups to articulate broad objectives and goals; analyse the situation at hand; suggest and decide on policy alternatives or strategies; develop and plan the implementation or adoption of their policy whether it is an "in-house" policy or one to be lobbied for with the government; evaluation and control of the policy's performance.

The enrolment for this workshop is limited to 45 applicants and applications are accepted on a first-come first-served basis.

For further information, contact W. O. Klatt, phone 256-3351, Morinville.

Sheep and Wool meeting next week

As a result of the recent survey with respect to the proposed Alberta Sheep and Wool Commission, the Alberta Sheep Council, who are

the proponents of the Plan, have arranged a series of meetings throughout the province to explain the Plan and to answer any questions producers may have. At the conclusion of each meeting, there will be a vote conducted of producers in attendance.

Producers are urged to attend the meeting at the location nearest their homes. The time, date and location of this meeting for our area is 3 p.m., December 15, at the Youth Building, Exhibition Grounds, Edmonton.

(Prepared by Donna J. Bagdan, Home Design Specialist Alberta Department of Agriculture, Edmonton).

It may be a man's world all right, but according to statistics, it's in the woman's name

Producers are reminded that there will be a vote conducted and that they must be in attendance to be entitled to vote.

Avoid Holiday Clean-up Woes

By Pat Prymak,
District Home Economist

Just a few tips to help you save time and energy when cleaning up the Christmas "leftovers."

Wrappings — can be discarded quickly and easily by having a large empty cardboard box close by or in the center of the Christmas gift unwrapping area. When finished, just close the box and out to the garbage.

Fabric Ribbon — can be saved after pressing by taping one end in a loop around the bottom rung of a wire hanger. Hang this in the back of a closet where it will be accessible for other packages.

Tinsel, Angel Hair, Broken Tree Ornaments — should be swept up before vacuuming. Large amounts of this material fill the vacuum bag that much more quickly and with some cleaners, they may cause damage.

Artificial Snow — can be removed from windows and mirrors by soaking with warm water.

Cranberry and Gravy Stains — on washable items, soak in cold water, then wash in hot water and detergent. Fabrics with a special resin finish need a liquid detergent or grease solvent (e.g., Emergene) applied before washing.

Unwashable fabrics — use an absorbent powder (cornstarch, talcum powder) or sponge with dry-cleaning fluid.

Candle Wax — should be scraped off linens or wood surfaces with a butter knife. Soak spots on fabric with cleaning fluid and wash as usual. Rub wood spots with a soft, dry cloth.

Christmas Cards — you receive can be sent to children's hospitals, orphanages or charities to be used for craft projects and cutouts.

Small tree ornaments — can be stored in empty egg cartons. Be sure to leave hooks on ornaments so they can be hung easily next year. Store tree lights in original boxes to prevent breakage of bulbs. Replace burnt out bulbs before storing. Put all

Christmas decorations in boxes and seal to prevent dust from seeping in.

Artificial Trees — are best stored in their original cartons. Note how the tree is packed as you remove it from the box, repack it the same way. Artificial plastic or metallic trees can be sponged or sprayed gently with a hose. Others should be dusted before storage.

What's new in foods?

The Homemaker
By Pat Prymak,
District Home Economist

GREEN BALL — The name given to a new variety of cauliflower — a cross between cauliflower and broccoli. The head resembles cauliflower, but is characteristically green in color instead of the dark green of broccoli. Both fresh and frozen, Green Ball cooks faster, has less tendency to brown, a high eating quality, and is less odoriferous. This cauliflower has been extensively tested in Michigan and here in Canada for three years so it should be available soon.

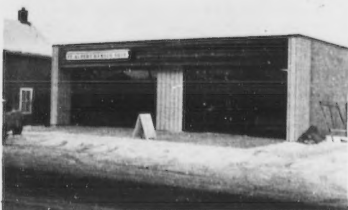

ORGANICALLY GROWN — Supermarket trade publications and newspaper food sections are indicating the "back to nature" cult is becoming widespread. At this time there is no definition by the powers that be for the term "organically grown food." However, a group of organic growers and retailers have suggested this one — "Food produced on re-mineralized soils, rich in humus and biologically composted, natural fertilizers without the use of synthetic agriculture chemicals, dusts and sprays."

This group considers man-made fertilizers, fungicides, herbicides and pesticides when applied to plants are poisonous. "Flavor" and "You can taste the difference" are the usual comments of the back to nature devotees who are willing to

pay the higher prices for so called natural foods. I say "so called" because the fact that a sign stating "organic" on a display of food does not necessarily mean the items were produced in the assumed manner. Rather, it might be that somewhere along the marketing cycle some unscrupulous person decided to take advantage of the "real foods" to make money. There is no law against this practise unless special cures are attributed to a particular item. There are, of course, some bona fide producers of fresh vegetables and fruit grown without man-made chemicals and labelled organic. These are usually packaged under the producers name who is the largely responsible. However, recently Dr. Bernard S. Schweigert, chairman of the Department of Food Science and Technology at the University of California stated that according to the best knowledge we have, there is no superiority in nutritive value of food grown organically compared with that grown by conventional methods. So perhaps it is just another fad of the moment.

Caller: "Is Nancy your oldest sister?"
Little girl: "Yup."

Caller: "And who comes after her?"
Little girl: "You and two other guys."

The Gateway Building, located at 9 St. Anne Street will be officially opened this Saturday at 1 p.m. Owned by Norm Shalagan, the Gateway Building is home to Chris's Grocery #2 and St. Albert Barber Shop.

MARSH WORLD by ANGUS SHORT
Ducks Unlimited

GREEN-WINGED TEAL (*Anas carolinensis*)

Smallest of the dabblers, the breeding range of this trim little duck extends from the Maritimes across Canada and from the central U.S. to Alaska. It is an early spring migrant, arriving soon after first pintail and mallard and well ahead of the blue-winged teal. Nests are located on dry land, usually well concealed in a grass clump or beneath low shrubs. Southward migration is leisurely the birds lingering as long as marshes with good feeding spots remain unfrozen.

Reassuring news from the south

In Trinidad, the birthplace of calypso, people listen to the local ditties to find out what's going on. And, whereas 20 months ago -- just before the black power riots -- the reigning calypso king was singing, "Black is beautiful," now the hit which you hear at every turn is "Love one another." This describes better than anything else prevailing attitudes in the wake of the April riots last year. There's no doubt about the riots hurting the tourist business, The Canadian figure alone dropped from a high of 10,000 in 1968 to

9,440 in 1969 and a further drop to 7,370 in 1970. However, this year's carnival -- the biggest event on the island -- drew not fewer than 28,000 tourists from abroad last February, and in the first four months Canadian visitors increased nine per cent. Tourism seems to be on the bounce again.

Blonde: "I'm a very good mind reader. I can tell exactly what anyone is thinking."

Redhead: "In that case, I beg your pardon."

"This isn't exactly what I had in mind when I asked for a larger pay check, sir."
